Level Rail Kits

Available in 4ft, 6ft, 8ft sections. Level Kit includes top and bottom rail, square balusters, mounting brackets and all necessary hardware. Each Post is sold separately.

Standard Railing Kit available in square balusters only. Posts are sold separately - see "Post Options".

Illustration shows Standard Railing Kit with two posts. (Posts are NOT included in the Standard Railing Kit).

The **PREFERRED Aluminum Railing System** features a classic 2-rail design accented with a stylish top rail and 3/4" balusters. This system offers textured AAMA 2604 powder coated finishes that are backed with a limited lifetime warranty creating a virtually maintenance-free railing system that will last a lifetime.

Level Bracket

Sleek, smooth design. The Georgian rail style offers railing systems with an uncluttered look of no visible fasteners.

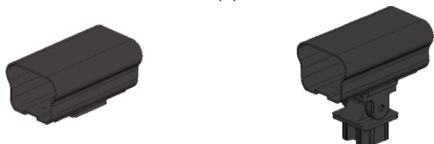

Multi-Angle Bracket

Use these brackets with level Standard Railing that needs to be connected at angles between 22" to 45".

Over the Post Bracket Kits

OTP Bracket Kits are available for both Level and Stair Kits for a clean, continuous look. NOTE: A 1-7/8" Intermediate Post will be needed for this application.

Post Options

Georgian Posts are available in both 39" Residential and 45" Commercial heights. All posts can be used with both Stair and Level Railing Kits. 45" height recommended for Bottom Stair. (Caps and Base Covers sold separately, see below.)

Welded Post

3.5"x 3.5" post with a welded base flange for concrete and deck applications.

Post Sleeve

4"x 4" sleeves slide over new or existing 4x4 wood posts.

Post Base Covers

2-piece, 3.5" square Welded Post Base Cover. 1-piece, 4" square Post Sleeve Base Cover.

Post Caps

3.5" Pyramid Post Caps for Welded Post and 4" Post Caps for Post Sleeves. (See "Optional Modular styles for 3.5" Welded Post Only)

OPTIONAL: 3.5" Modular Post Caps

Flat-top and Pyramid Post Caps available for 3.5" Post Only.

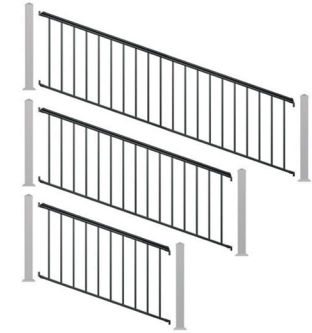

Lighted "Low Voltage" Post Caps available in Flat and Pyramid styles for 3.5" Post Only.

Stair Rail Kits

Available in 4', 6' and 8' lengths. Each stair railing kit includes top and bottom rails, square balusters, brackets and fasteners. (Posts, Post Caps and Base Covers are sold separately.)

Stair Bracket

The Georgian Stair Bracket connects the stair rail to top and bottom posts. These brackets pivot up and down to a 25 - 38 Degree Angle.

Gates

Available for 3ft and 4ft openings and come fully assembled.

***Note: Hinges and Latches are sold separately and are available only in black.**
